

## Temporary Directions to All Points North Model Railroad Club

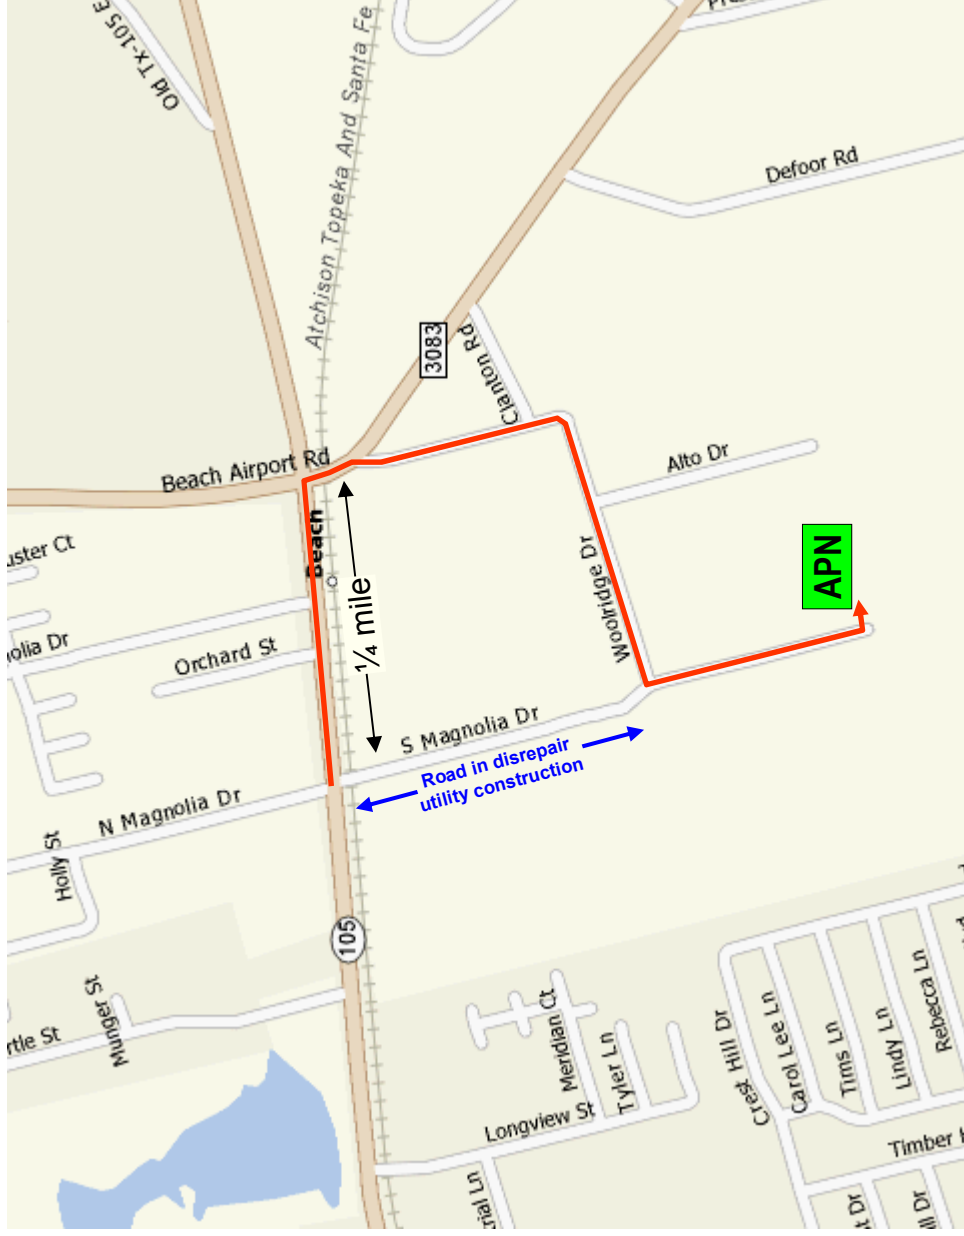

Pardon the inconvenience while the City of Conroe works on the utilities along Magnolia Drive. Please take the detour shown in red on the map to get to our clubhouse.

Directions: Take I-45 to Conroe, get off at exit 87 and turn east onto Highway 105

Go east 3 miles on Highway 105 to the stop light at FM 3083 and turn right.

Immediately after you cross the RR tracks, take the road that forks off to the right - Woodridge Rd. Follow it around the bend and keep going until it tees with Magnolia Drive, and take a left.

Follow Magnolia to the end, and take the gravel road on the left to the dark green building that is our clubhouse.

**NOTE:** All internet maps want to spot our address at the intersection of S. Magnolia Drive and Woolridge Drive. This is incorrect. We are off of the cul-de-sac all the way at the south end of S. Magnolia Drive, and then to the left down a gravel driveway. Look for the mailbox with "611" on it.
